

## Swim Teacher Professional Development Certificate

The Swimming and Water Safety Teacher licence is valid for one year from the date of issue. Swimming and Water Safety Teachers are required to maintain their industry licence through a renewal application process.

Evidence of current CPR, knowledge and skills in basic water rescue techniques, and ongoing professional development are required at the time of renewal.

**This certificate will assist in recording your in-house professional development sessions to upload on the website at the time of renewal.**

*This is to certify that:*

---

*Has completed:*

**In-House Professional Development  
(e.g. Teaching methodologies, stroke progression and development, open water topics, communication skills, teaching strategies, risk management, response to simulated events)**

**Please elaborate in comments**
